Gentlemen:

Malta requires 3 due diligence items.

The passport copy has to be redone because the person certifying the passport must not only confirms that this is a true and unaltered passport, but that it bears a true likeness to the person in question (in this case Mr Markosian).

The utility, phone bill or bank statement .

1. Each copy of an original document that is provided to us must be certified as a true copy of the original by *notary*
2. Each certification must state that the:
 - (i) document is a true copy of the original document;
 - (ii) document has been seen and verified by the certifier; and
 - (iii) where certifying an identification document, the certifier must confirm that the photo is *a true likeness of the person to whom the identity document belongs*.
3. Each certification must also include the:
 - (i) name in blocks of the person certifying;

- (ii) capacity/profession and contact details of the person certifying; and
- (iii) the date of the certification.
